

Value Creation Process

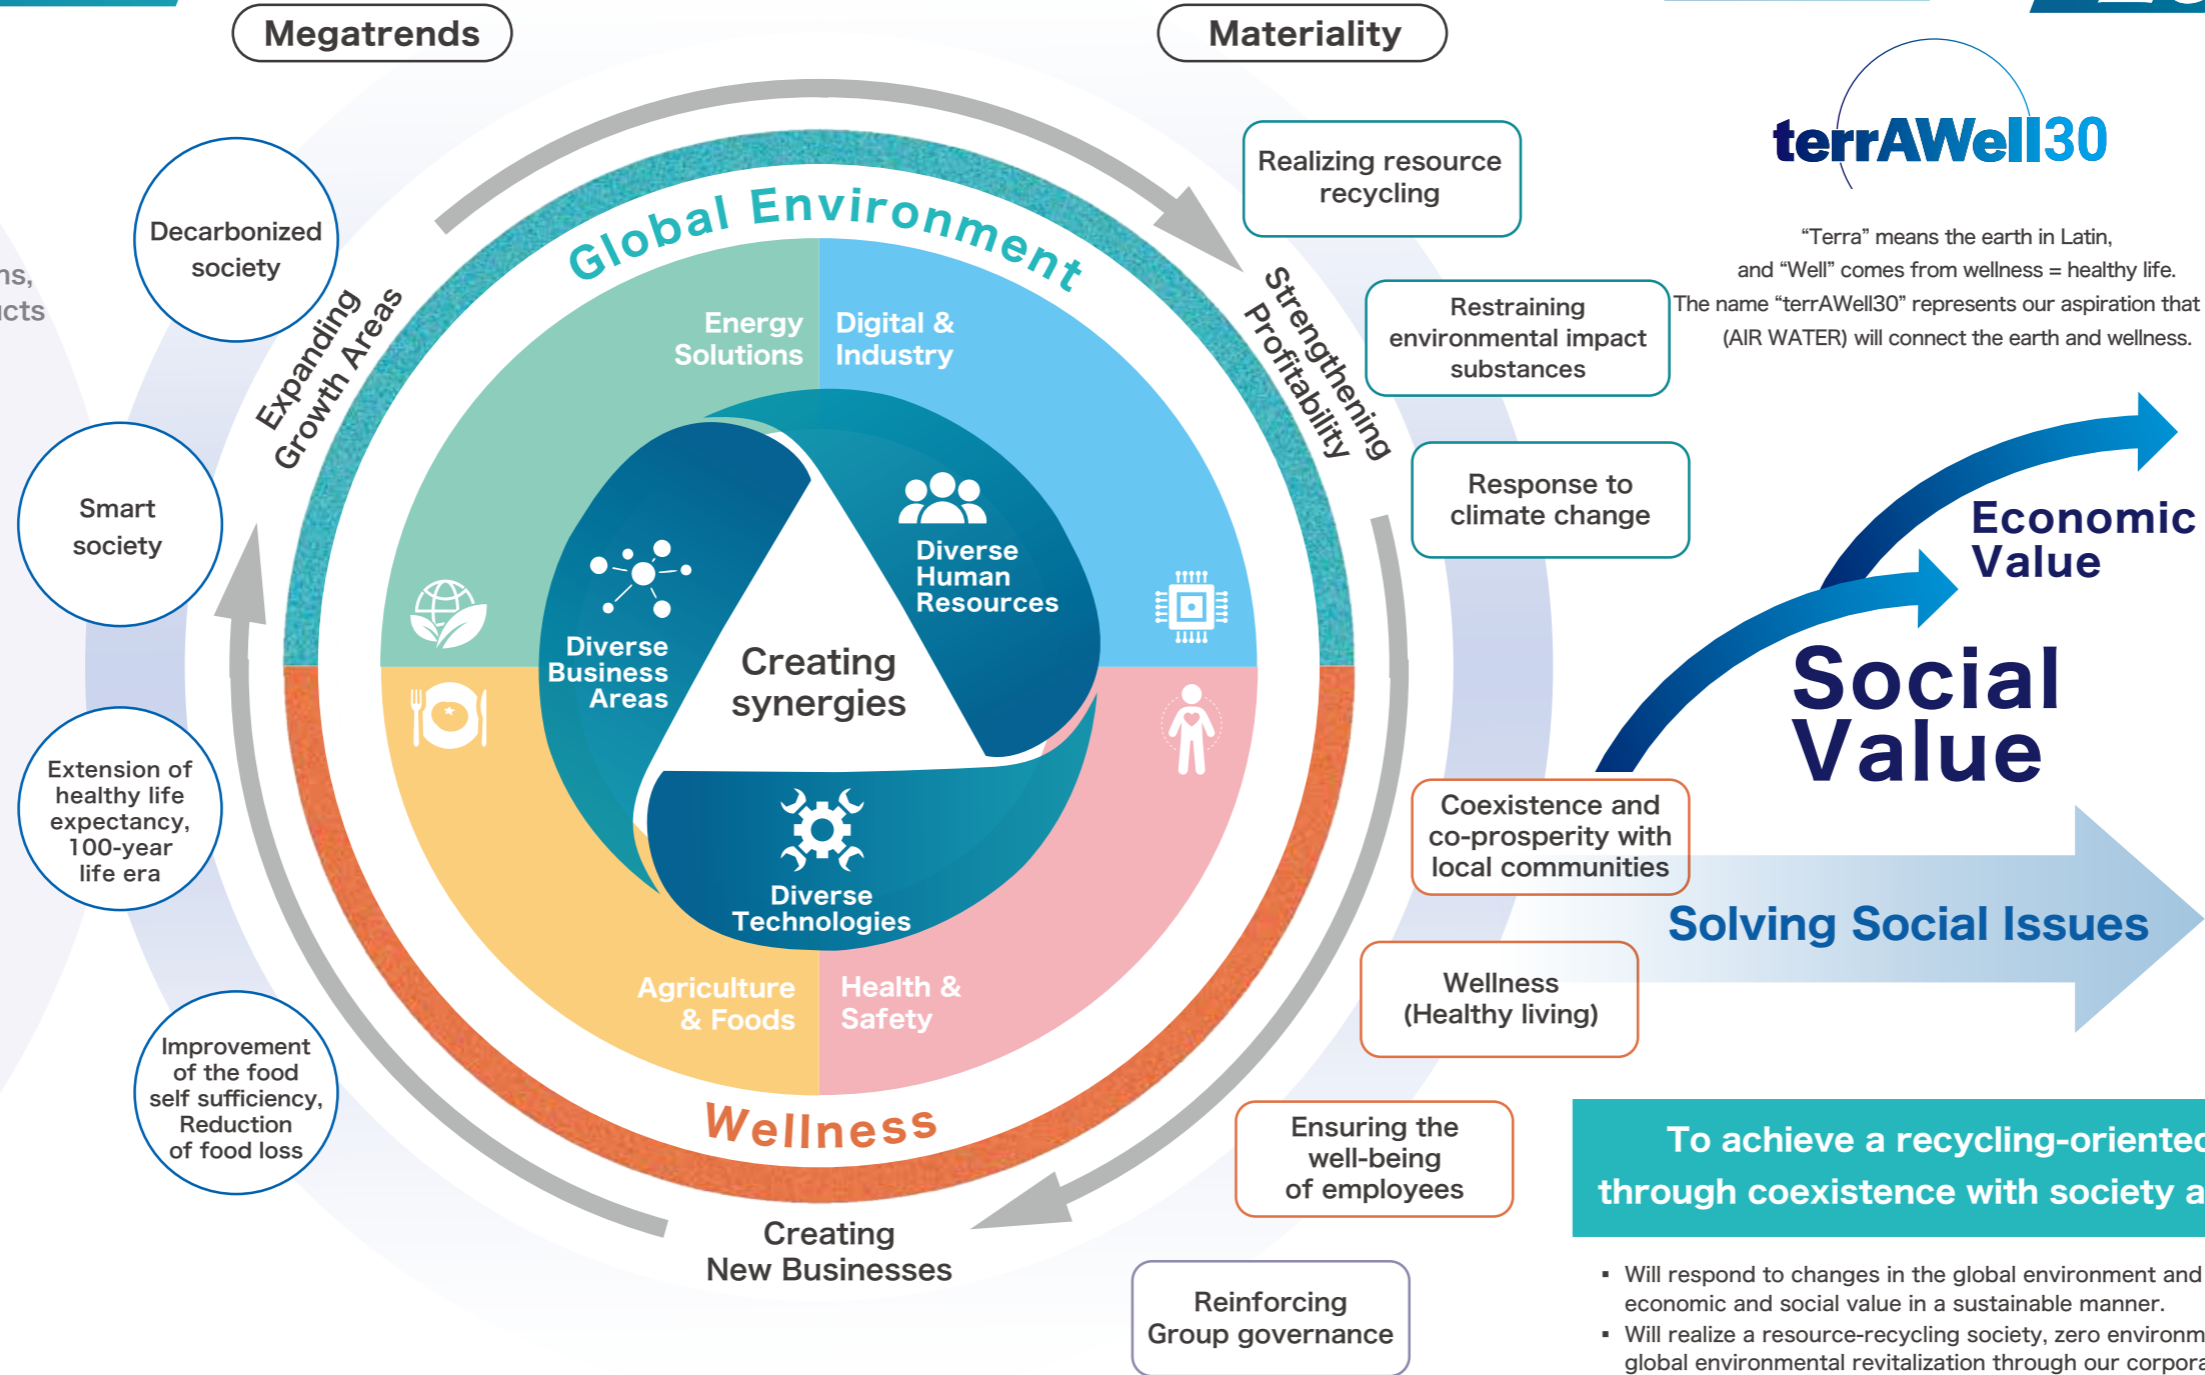

Our Purpose

Meeting society's needs with nature's blessings

In line with the Air Water Group's Purpose, "Meeting society's needs with nature's blessings," we have integrated the growth vectors of our diverse business domains into the two axes, "Global Environment" and "Wellness" that can reflect global social issues. We will create new corporate value through the solution of social problems and realize the Sustainability Vision of "achieving a recycling-oriented society through coexistence with society and the earth." We aim to achieve it by creating synergies among our diverse businesses, human resources, and technologies, which are the greatest strengths of our Group.

Management resources

- Diverse business domains, High market share products and services
- Diverse organizations and human resources of the Group
- Technology and intellectual property
- Community-based business platform

To achieve a recycling-oriented society through coexistence with society and the earth

- Will respond to changes in the global environment and society and provide economic and social value in a sustainable manner.
- Will realize a resource-recycling society, zero environmental impact, and global environmental revitalization through our corporate activities.
- Will continue to be selected by our local communities/customers and ensure the well-being* of our employees.

*Well-being is the state of being physically, mentally, and socially comfortable. In addition to being happy, it represents a condition in which employees live with a sense of purpose through a range of different workstyles and platforms to succeed.
