**Notice: FY2027/3 Q1 Financial Results Summary Disclosure Delayed
(Over 45 Days After Quarter-End)**

We hereby announce that we expect it will be difficult to disclose our financial results summary for the first quarter of the fiscal year ending March 31, 2027, within 45 days after the end of the quarter, as described below

We sincerely apologize to our shareholders, investors, and all other concerned parties for the significant inconvenience and concern this matter may have caused.

1. Reason for the Delay in Disclosure of Financial Results

We submitted our Annual Securities Report for the fiscal year ended March 31, 2026, on July 31, 2026, after obtaining approval for an extension of the filing deadline. With respect to the first quarter financial results for the fiscal year ending March 31, 2027, We have identified and organized the confirmation and verification processes determined to be necessary to ensure the appropriateness of the financial statements through the preparation of the Annual Securities Report. Based on these processes, we have commenced the necessary verification work and are currently preparing the financial results summary.

However, due to these circumstances, the commencement of work related to the first quarter financial results was delayed. In addition, the confirmation of the appropriateness of the financial statements across the Group, including its group companies, requires considerable time.

As we place the highest priority on ensuring the reliability of financial reporting and intend to disclose the financial results only after conducting sufficient confirmation procedures, it is expected that we will be unable to disclose the First Quarter Financial Results Summary for the Fiscal Year Ending March 31, 2027, within 45 days after the end of the quarter.

2. Future Schedule

With respect to the financial results summary for the first quarter of the fiscal year ending March 31, 2027, we are currently proceeding with work related to the confirmation of the appropriateness of the financial statements. Based on the progress of these confirmation procedures, we will promptly announce the expected timing of disclosure once a more specific outlook becomes available.
